TIMBERVIEW
COLLECTION

The revolutionary *Timberview* is a beautifully designed traditional wood window that adds elegance and charm to today's modern homes. The *Timberview* window features maximum glass area, thereby providing more natural light and maximum ventilation. This bold statement will add character and life to any room in your home.

These windows will provide decades of consistent, reliable, operation and maintain their beauty throughout the years.

Discover DEL Windows and Doors

As a leader in the industry, DEL Windows and Doors has for years been supplying high quality windows, doors and a complete range of quality products and services for contractors, renovators and dealers.

Our proven reputation is defined by our: attention to detail, superior products, professional service and commitment to customer satisfaction.

In addition to our already existing lines of superior vinyl windows: The *Grandview*™ and *Fallsview*™ series, we are proud to introduce the newest member of our family, The Timberview Collection™. Manufactured in our recently modernized Stoney Creek factory, this new line of quality windows offers a traditional wood interior with the proven benefits of a vinyl exterior and is designed to hold up to the elements of harsh climates.

To complement our windows, DEL also offers a full selection of custom insulated exterior door systems with a wide range of configurations and style options. All windows and doors are custom-made to meet customer specifications and exact requirements.

Our quality window and door product lines are proven performers – independently tested to CSA Standards and *Energy Star*® qualified. Our windows and doors consistently achieve superior ratings, giving you peace of mind knowing you have chosen an industry leader that outperforms our competitors. All of our windows are available in a full range of exterior colours.

With state-of-the-art technology and quality products, DEL stands behind its products with an above industry-standard guarantee.

The best of both worlds...

Consider the beauty and versatility of wood. Then consider the years of experience and knowledge it takes to design and craft windows that use wood to its fullest potential. Combine this with the technological advances in a low maintenance vinyl exterior and then back it with one of the best Energy Star® ratings in the industry and you have the *Timberview Collection*™ – exclusively by DEL "Viewed for Life".

DEL's *Timberview Collection*™ brings the best of both worlds together – a superior vinyl exterior, along with a clear pine or oak wood interior. From sash to sill, no wood is exposed to the outside elements. This unique combination offers a warm, traditional and luxurious look. The contoured wood interior creates a sculptured, traditional appearance that is distinct in beauty and strength. Elegant yet versatile, these finely crafted, all natural wood interiors can be stained or painted to match the interior décor of any home. The solid vinyl exterior not only adds a defining character to your home, but also combines the perfect balance of aesthetics and durability.

Offering unparalleled, beauty, performance and superior craftsmanship, the *Timberview Collection*™ is an inspired choice, which will provide years of comfort and energy efficiency. Not only will they will they add beauty to your home, but just think of the money you will save!

DEL

Viewed for life

Energy-efficient design, engineering, craftsmanship, and superior finishing are the hallmarks of the Timberview Collection.™

Celebrating Your Style is a Breeze

Incorporate soothing complements or add exciting and bold contrasts into every room in your home. With just a touch of stain or paint to our all natural pine and oak window interiors, you can create the perfect look that speaks to your unique sense of style and taste.

Embrace the wind: Whether you're looking to wind the window open slightly to circulate the air, or open it wide to capture a cool summer breeze, with our smooth and durable roto gear operation, opening and closing your window has never been so easy. Energy-efficient, the Timberview casement and awning windows are weather tight, easy to operate and built for long-lasting performance.

Imagine the Possibilities.

In addition to adding tremendous character to your surroundings, a Timberview Collection™ bay window, with its graceful sweep of glass, will add valuable light and living space to your home.

Your house is your home. So, if you wish to create a home that's as unique as you are, DEL Windows has that perfect window for you.

Efficiency

The 20-Year Commitment XL Edge boasts a true dual-seal warm edge spacer system proven to last longer in durability tests than single-seal units. XL Edges outperform the competition in everyway, including:

- Durability
- Condensation Resistance
- Noise Reduction
- Mold Reduction
- Comfort

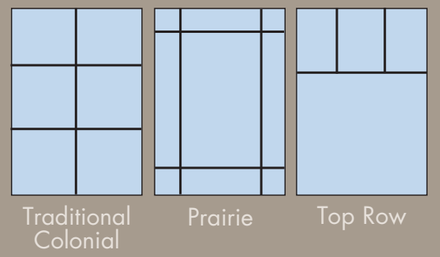
By using Cardinal IG insulating glass (offering the lowest failure rates in the industry) and XL Edge (carrying a 20-year warranty featuring a 200% credit of the original IG unit cost) can you think of a better insurance policy?

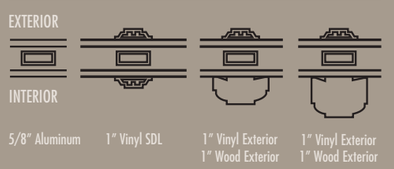
Hardware

Multipoint locking systems and folding handles are standard in the *Timberview Collection*™. Our systems allow you to operate your window with ease while accommodating any window covering on the market. Your *DEL Hardware* is available in clay and white with matching screen colors to enhance the décor of any room. *DEL* backs all its hardware systems with a lifetime warranty.

Grille Selection

Enhance the look of your home with grilles, or simulated divided lites. Choose from *Traditional Colonial*, *Prairie* or *Top Row* patterns, or tap into your creative side and design your own custom configuration. DEL can design and manufacture grilles that are as distinct as you are. With your imagination and our products together we'll create the perfect look to complete your vision.





Distinctive Colours

The *Timberview Collection*™ is offered in 6 exterior colours

554 Commercial Brown

562 Chestnut Brown

559 Pebble

538 Wicker

559 Sandlewood

538 Ivory

510 Canyon Clay

The *Timberview Collection*™ is Designed and manufactured specifically for our climate.

ENERGY STAR HIGH EFFICIENCY HAUTE EFFICACITÉ

The international ENERGY STAR symbol is a simple way for consumers to identify products that are among the most energy-efficient on the market. Only manufacturers and retailers whose products meet the ENERGY STAR criteria can label their products with this symbol. Choosing an ENERGY STAR-labeled product over a conventional model could save you hundreds of dollars in energy costs.

ENERGY STAR® qualified windows, doors and skylights will save you money by reducing your energy costs by up to 12 percent. Not only that, they'll help keep your home comfortable all year-round, reduce outside noise and, depending on the amount of humidity in your home, will have a lot less condensation in cold weather.

Test results from the Government of Canada ENERGY STAR® website.

The *ENERGY STAR*® name and the ENERGY STAR® symbol are registered trademarks of the United States Environmental Protection Agency and are used with permission.

Evolution in Design & Efficiency

With a focus on design, engineering and research – accompanied by longstanding partnerships with industry leading suppliers – our *Timberview Collection*™ boasts one of the best Energy Star® ratings available in the market. The *Timberview Collection*™ is ideally crafted for use in all Canadian climate zones. Unlike so many of our competitors (whose products are designed and constructed for the American southern climates) the *Timberview Collection*™ is manufactured right here in Ontario and boasts unparalleled performance in our often harsh and unpredictable climates. The *Timberview Collection*™ is truly a window that will exceed your expectations.

More than just windows

DEL is more than simply beautiful windows; we have a full line of complementary products to ensure that your home is a unique reflection of you!

The focal point of anyone's home is often the entry system. We carry and /or custom manufacture a full line of entry systems in steel or fibreglass to match just about any door configuration you can imagine.

With a philosophy that, "Fine homes deserve a better view" DEL is committed to designing superior quality packages tailored to meet the needs of homeowners across the country. From entry systems to shapes, from French garden doors to custom bays, DEL Windows and Doors will always work with you to ensure that we achieve your vision.

Fine homes deserve a better view of the world. That's the philosophy behind DEL's hand-crafted Timberview Collection.
