

# MONARCH SERIES

The **MONARCH SERIES** of storm doors is designed and manufactured to suit our variable **CANADIAN** climate. From the basic to the more elegant models, each door is custom made to order, virtually maintenance free and built to last. Each door is fabricated using a heavy duty four way overlap frame providing superior weather protection, energy savings and ventilation. The strong design also provides added security for peace of mind, all the while accentuating the appearance of your home.

## STANDARD FEATURES INCLUDE:

- 2-1/4" overlap frame
- Reinforced corners
- Four heavy duty tamper proof hinges with oil-tite bearings
- 3 mm tempered glass
- Superior weather-stripping system
- Colour matched hardware that includes Dura pull handle for easy opening
- Heavy duty torsion bar door closer
- Black durable aluminum screen mesh
- Baked on enamel available in white, brown, pebble, and ivory
- Insulated kick plate

IVORY

# MEASURING INSTRUCTIONS

## How to measure your door:

1. Stand and face door opening and determine the hinge side(left or right).
2. Measure the opening between the casing (brick mould) at top, middle and the bottom to determine the width.
3. Measure the opening between the casing (brick mould) and the sill on both left and right side to determine the height.

- Always**
- take the smallest measurement
  - check the handle height, Monarch doors are predrilled at 40" from the bottom
  - check brick moulds face and depth (1-1/4" wide x 1-1/8" deep required)

- Never Measure**
- old door
  - interior door
  - in between existing z-bar

## EXAMPLES OF SIZES TO ORDER

SIZE	WIDTH	HEIGHT
30" X 78"	29 3/4" to 30 1/4"	77 3/4 to 78 1/2
